**EDITORIAL**

Sorry for the delay in publishing, its been hectic in the Dallimore household. We were hosting German Exchange students last week who were familiar with orienteering and told us that it was most popular with the 7-21 age group in Germany, an interesting contrast. New technological advances will make it possible for you to download a printable version of Platform from the Web page in future or sent directly by e-mail. We need to know if this is acceptable and how many people would still need the paper version sent to them.

**Aberdare Colour Coded**

Thanks to Kevin, Jane, Pete and their helpers for a grand day out at the Country Park. The weather was perfect and even if the climb to the first controls was hard the views from the top were stunning.

**Compass Sport Trophy First Round**

Congratulations to everyone who made the journey to Ragley Hall and to John Mills for organising the entries. Once again we were able to beat off strong opposition to reach the final on June 1st. Please contact John if you are available to run.

The points Scorers from the first round were—  
 Course A - Chris Poole, Jeffrey Colbert.  
 Course B - Vladimir Kuznetsov, John Mills  
 Course C—Nick Dallimore, Neil Grant.  
 Course D—Cerys Manning, Sarah Bayliss.  
 Course E—Frank Ince, Jill Manning.  
 Course F—Rhodri Buffett, Clare Dallimore.  
 Course G—Lauren Ferrand, Jon Dallimore.

**Wanted**

WOA rep to represent SWOC at WOA meetings, approximately every 2 months.  
 If interested contact Frank Ince

**Stop Press JK**

About half the Club made the journey to this years event. The two areas used for were unlike anything we have locally being runnable mixed forest. Outstanding performances were made by Rhodri Buffet 2nd M16L, Cerys Manning 3rd W18L and Judith Powell 3rd W60L. In the Relay event on Monday results were as follows; Mens Short—5th SWOCcults, 24th SWOCcidentals, 40th SWOCtopus. Ladies Short 12th SWOCtave, 37th SWOCtagon, Mixed ad hoc 71st SWOCies In Fridays MBTO event Nick Dallimore won the 40+ category with a time which would have been 3rd in the Open event. Next years event will be in the Lake District near Ulveston.

## COMMITTEE NEWS

Several topics were discussed at the Committee meeting. Feedback from the National Event is to be published on the Website. Location of equipment is still proving to be difficult. If anyone has any Club kit, please can you pass it on to the Buffets so that an inventory can be made. Our day at Croeso 2004 is Sat 21st and an area at Sennybridge will be used. The event centre will be at Brecon High School, note the dates are later than usual, August 14th-21st.

Organisers are still needed for Cwm Lickey, Dreathen and ST Julians Score, if you are available please contact Frank Ince. The problem with SWOC events being held in secret, unknown to anyone outside the club hopefully may have been solved. Next meeting to be held at the Bear Hotel, Crickhowell on Wed 7th May at 7.30pm. All members are welcome to attend.

### Summer Score Events, Summary of Rules

- All events will be of sixty minutes duration. Start times will be between 6pm and 7pm. No competitor should expect to be able to start later than one hour after the first start time. Each event will have between 20 and 27 controls, at least six of which will be planned to form a white/yellow standard course. These white/yellow standard controls will be sited on line features. The control circles will be numbered and a control description sheet produced showing the control number, code and description as for a normal orienteering event plus an extra column for the point value. Penalty points will be applied at one penalty point for each 6 seconds or part thereof if a competitor exceeds 60 mins. If any competitors visit all the controls their score will have one point added to it for each 6 seconds their time is less than 60 mins. The league will be based on competitors' best four events and will operate using handicaps. The handicaps are applied by multiplying the points score by the handicap factor for the competitor's age class.
